To utilize front-end and back-end development expertise, along with programming and problem-solving abilities, in a software development position that fosters organizational growth and skill enhancement.

EDUCATION

Bachelor of Technology in Computer Science, Vignan's Lara Institute of Technology and Science, JNTU Kakinada   2021 - 2025
Percentage: 80.42%

Intermediate - MPC, Aditya Junior College   2019 - 2021
Percentage: 96.50%

Tenth Class, Little Buds (Em) Public School   2018 - 2019
Percentage: 98.00%

SKILLS

Languages	C, C++
Programming Skills	OOPS, Problem Solving, DSA (Arrays, Strings, Stacks, Queues, Linked Lists)
Web Development	HTML, CSS, Javascript
Operating Systems	Windows,Linux
Soft Skills	Critical Thinking, Logical Ability, Communication

INTERNSHIP

App Development Internship   May 2023 - August 2023
Pragmatiq Systems

- Developed and maintained mobile applications, enhancing user experience through effective design and functionality.
- Collaborated with cross-functional teams to gather requirements and implement new features based on user feedback.
- Conducted thorough testing and debugging to ensure high-quality application performance.

CERTIFICATES

- NPTEL-certified in Problem Solving through C, Programming in Java, and Fundamentals of AI
- Certified in C++ and Operating Systems by Saylor Academy
- Certified in HTML by Infosys Springboard, Intro to Cybersecurity by CISCO
- Proficient in HTML, CSS, and JavaScript through Coding Ninjas

PROJECTS

Cross Modal Product Search System
Objective: Streamlined and automated the process of fee collection and management for educational institutions
Technologies: HTML, CSS, JavaScript, SQL,PHP
GitHub: https://github.com/college-fee-managment-vlits

ACCOMPLISHMENTS

- Ranked among the Top-10 in Kimo Tech'24 competition and awarded exclusive goodies

- Successfully completed 125+ CodeChef problems, including medium and hard difficulty levels

- Awarded learning badges such as Diligent Developer, Code Crusader, Ace Coder, and Leaderboard Legend by Coding Ninjas

- Led the organization of Ideathon, Hackathon, and Coding Competitions as a member of the college's local chapter and marketing lead.

- Developed a web application for college fee management, improving the fee collection process by reducing processing time by 30%.

- Completed a front-end developer course with a score of 95% in Coding Ninjas., demonstrating a strong understanding of modern web technologies.

- Achieved a 3-star rating on CodeChef, ranking in the top 10% of participants in online coding competitions.

- Collaborated with a team of 5 in developing software solutions, resulting in the successful delivery of projects ahead of deadlines by an average of 2 weeks.

HOBBIES AND INTERESTS

- Solving complex problem statements in C, C++, and Python to enhance logical thinking skills

- Organizing files and folders for efficiency

- Web Surfing to learn new things.

- Engaging in video gaming to develop strategic thinking and for relaxation
